## **Requires licenses for:**

- Business Central
- PowerApp

All connections between the Warehouse Scanner device and the Microsoft Dynamics platform must be properly licensed.

The End-User has the responsibility for selecting the correct license for the respective environment. XtensionIT advise the End-User to seek advice and guidance at their Microsoft Dynamics Reseller.

## **Designed for Microsoft Dynamics 365 Business Central**

- SaaS version covered by Microsoft Modern Lifecycle
- On-premises from version 14 and newer
